My dear Charlie:

Just a short note to tell you that the block in which part of the neck of your "Diplodocus" is encased and ready for shipment. I suppose you wish to have it shipped by freight as it weighs a great deal.

Was very glad to hear that your salary increase came true - wish that sort of luck would strike this place.

I am very glad to hear that Mrs. Gilmore is so much better and I know it relieves you. All the folks at home are fine and wish to be very kindly remembered to your family.

Let me know as soon as possible about the block as I leave October 31 for a six weeks trip.

Yours very sincerely,

A. S. S. S. S.
