February 10, 1933.

Mr. George H. Sherwood, Director,  
American Museum of Natural History,  
Central Park and 77th Street, West,  
New York, New York.

My dear Mr. Sherwood:

Referring to recent correspondence between Mr. C. W. Gilmore and Mr. Barnum Brown, I beg to announce the transmittal to the American Museum on Thursday, the 9th instant, of thirteen boxes containing the Barosaurus material which we had agreed to supply in exchange. The boxes were forwarded by truck and it is hoped that they have reached you safely and in good condition.

In order to complete our records, will you please date, sign, and return the white copy of the inclosed shipping invoice.

Very truly yours,

A. Wetmore,  
Assistant Secretary.
